

have continued almost without a stop since the Russian defeat at Mukden. Nothing has been heard of the part which General Kawamura's army is taking in these operations, but General Nogai and Oku, operating in the low hills of the Tie pass gorge, were themselves sufficient to turn the shattered Russian army out of the fortifications, which had been prepared with a view to being held by the army after it should have been withdrawn from Mukden. The Japanese are doing their utmost to accomplish the envelopment of the Russian army, which all but succeeded at Mukden, but General Kuropatkin, with the railway for a line of retreat, probably will be able to keep ahead of his pursuers. A constant succession of delaying rear-guard encounters may be expected. The evacuation of Tie pass involves the loss of the coal mines in that vicinity, which, with the Fushun and central mines gone, is a severe blow. The railway shops at Tie pass and the stores supplies were sacrificed. A further mobilization has been determined upon, and preparatory or-

Home Life In Ireland

By MICHAEL O'HARA

THE "lowly thatched cottage" of John Howard Payne is no poet's conceit in the Emerald Isle. In such a home many of Ireland's great men were born. In such a home the Irish farmer of today lives his humble but clean and wholesome life.

One storied, with walls of turf, thatched with straw over a layer of peat, the Irish cottage is a worthy exemplar of the simple life. With but three apartments, a kitchen between two other rooms, the average dwelling of the better class of peasants is neat and cozy, more homelike than many a palace. The roomy kitchen, with its harden and clean clay floor, the inside of the roof showing above, its rough rafters of fir and bog oak exposed, is the living room. On one side of the wall hangs a ladder which gives access to the loft. A dresser, on which are ranged the bowls, mugs and platters or wooden noggins, peggins and turned beechen dishes, stands by the

COLLIER FEELING POTATOES.

door of one of the side rooms. Under the big, wide chimney, with its crane blackened by the fumes of many years of cooking, burns a fire of mixed peat and fir. In all likelihood an open grate is leaning against a griddle, hardening by the fireside. Tangled around the room are four-legged stools, seats of plaited straw and a few chairs.

Outside the house, to the left, runs a little row of cattle byres and fowl houses. On the right stands the turf stack, fifteen or twenty tons of peat. Attached to the cottage are four or five acres of arable land. The cottager owns two milk cows, a calf or two, a few pigs, perhaps a donkey, ducks, geese and hens and on the hill some two-score sheep. These, with the simple furnishings of his house, comprise his worldly goods. He raises meat for market. It is only on high days that he tastes flesh himself. Potatoes constitute his daily diet. Yet with all his sturdy poverty the Irish peasant is a sturdy citizen, and his boys and girls are strong limbed and ruddy, no "muddled oafs" or "dimpled fools." The Irish lad and the colleen, too, in their bare feet travel the stone roads and stubbled fields with unconcern and climb the hills as nimbly as the herds they tend. Most of the girls are good looking. Many of them are beautiful.

Work is the portion of every Irishman. In the fields, in the peat bogs, with the flocks, at the loom or at the spinning wheel every one has his or her task. In the planting season the women work in the fields with the men, and at the hay harvest they do everything but mow.

In the early days of May, shouldering his turf spade and accompanied by a handful of helping neighbors, the Irishman goes to the peat bog to cut his winter fuel. The turf is cut twelve inches deep and four square out of the

soft black peat, layer after layer, each blacker, denser and containing more carbon than the one before, to a depth of eight, twelve and in the best bogs even twenty feet. With one stroke of his double spade, the blades of which are set at right angles, the digger cuts a clean turf and throws it over his shoulder to the bank above. There a man with a barrow gathers the turfs and wheels them away to dry ground, where they are spread out and left until the sun has drawn the water from them. Then they are piled up and later carted home to build the turf stack by the cottage door, quite like an American wood pile.

The women and girls at all seasons have plenty to do indoors, spinning and weaving the Irish linens and house-garments which are famous round the world and working on their wonderful embroidery. This work the girls turn into play at their "sprigging camps," where all the lasses from one hillside or valley gather, bringing with them their embroidering materials and their stools. They meet in the home of each girl in turn, forming a circle in the center of the kitchen, while the boys of the district sit around the walls, jesting with the girls and telling stories. At about 11 o'clock the camp breaks up, and the boys, shouldering the stools, convey the girls home.

In other cottages women sit knitting around the enormous fireplace, the men smoking their black clay pipes and swapping stories which keep the children wide awake long after they should be in bed. At these sessions the shanachy, or traveling story teller, always meets with a hospitable reception. In olden times, before the spread of newspapers and printed books, story telling was a regular profession. Nowadays the best story teller is frequently the beggar man who, traveling over great areas, meets the shanachies of many parts and acquires a vast fund of tales, true and otherwise. Most exciting are his narratives of the doings of Finn Macoul and his warriors, of giants, fairies and banshees. In more than one of his romances the hero is the good St. Patrick himself, of whom he tells such tales as that of his conversion of Ossian, son of Finn.

Ossian met a beautiful maiden, riding on an enchanted white horse, near the lakes of Killarney. She told him she was Niam of the Golden Hair, daughter of the king of Tir-an-og, and that she had come to Erin to see him, whose great renown had reached her own country. He fell promptly in love with Niam, of course, and went back with her to Tir-an-og, where they were married. He remained with Niam for 200 years. Then he longed to see Erin again and his old friends, and Niam said he might go if he would promise to come back, and she let him take the enchanted white horse to ride in. Great was Ossian's sorrow when he reached Erin to find that the Fenians were all dead and that the race of men was small and weak. He sought to show the pygmies what feats of strength a man of the old time could do when the girth of his saddle broke and the enchanted horse ran away, leaving Ossian behind, small and weak, like the others, and old. Ossian wept, and St. Patrick, who was introducing a new worship into Ireland, and he blamed him for the sad state of the country. He went to see the saint and remonstrated with him and stayed with him four years, each trying during that time to bring the other to his way of thinking. At last the heathen was converted, after he had been given a glimpse of Finn and his warriors in hell, but even then his conversion was unsatisfactory at first. In Ossian's vision Finn and his men were seen fighting the devils for lack of better foes. Finn's weapon was a flail, and with it he was doing great execution, but always just as victory was within his grasp the thong of his flail would break and he would be beaten back.

"Kneel down and pray," said Patrick to Ossian. And, to his joy, Ossian knelt, but not for forgiveness or salvation did he pray. "Great God," he said, "Patrick's God, give Finn a thong of iron for his flail." The saint remonstrated with him for his irreverence, but Ossian said: "Leave me alone. Sure, Finn would never send any one to a place like that." But in the end Patrick prevailed, and Ossian became a good Christian.

Pittsburg, Pa., March 17.—John F. Johannish, 24, postmaster at Muzitz, terrorized Spring Garden borough for three hours, and was arrested only after a hard struggle. The young man, who has had the postoffice in his grocery store for some time, took it into his head to demolish everything in sight, and to this end, after doing other damage, poured oil over the floor of his store, then rolled a barrel of oil into the middle of the room and set fire to it. Before the flames could be extinguished most of the store stock was destroyed, and it is thought mail and government property were burned.

Made a Confession. St. Louis, March 17.—A confession of his participation in the robbery of the postoffice at Beebe, Ark., on March 1, was made by Leonard Johnson, according to the federal inspectors, who are holding him in custody on suspicion. The inspectors, while declining to make public Johnson's statement, say that he is anxious to be taken to Little Rock, Ark., to answer to the charge before the grand jury and be tried. Commissioner Rabbitt will probably issue the order for the transfer of Johnson to Little Rock.

Young Woman Murdered. Newark, N. J., March 17.—A young woman was apparently murdered in a hotel here which had its license revoked a week ago, but which was still doing business because the limit of license had not expired. The woman is supposed to have been choked to death by a male companion, who left the hotel after having locked the door behind him. No one saw him leave.

Heartbroken by Death of His Wife

JOHN SHERZ KILLS HIMSELF

Miner at Canton Killed by Firedamp --Cleveland Bride Sues for Divorce--Buckeye Items.

Cincinnati, O., March 17.—Heartbroken by the death of his wife, John Scherz, aged 73, ended his life early today by swallowing Paris green. Scherz's wife died last June and although he was very feeble and partially blind, he refused all efforts of his sons to persuade him to live with them and retire to a life of ease. Instead he remained in his shop. He was over seven feet tall and weighed 300 pounds.

Killed by Fire Damp. Canton, O., March 17.—Domino Guelia, aged 40, was killed and Angel Guelia and son, Louis, barely escaped death last night in Indian Run coal mine at Waynesburg. They were overcome by mine damp and Domino Guelia fell into a drain and was drowned.

Bride Wants Divorce. Cincinnati, O., March 17.—Mrs. Carrie Head of Cleveland, who yesterday caused the arrest of her husband, Richard L. Head, charging that he was leading a double life, has filed suit for divorce.

To Build Court House. Woodsfield, O., March 17.—The board of county commissioners met Tuesday and decided to submit to the voters of the county the proposition of issuing \$150,000 worth of bonds to build a new court house. It is thought the project will be favorably thought of.

Death at Zanesville. Zanesville, O., March 17.—Miss Rebecca Tannehill, aged 87 years, died at the home of her brother J. B. Tannehill. She had been ill for some time. She is survived by one brother and a host of friends who mourn her death.

Mr. Bumbaugh's Narrow Escape. Zanesville, O., March 17.—Charles C. Bumbaugh barely escaped a fatal accident Thursday. He was clinging to the side of a freight car, switching in the yards in Putnam, and brushed against a building in passing it. He fell directly in front of the next car, but he threw himself in some way from the track. He has only a few bruises to remind him of his narrow escape.

Revolvers in Play. Dennison, O., March 17.—In a drunken brawl between American and Austrian miners at Somerdale, north of here, 20 shots were exchanged, and John Kotepleck was very seriously wounded. Three other men were beaten so as to be unrecognizable. The citizens are terror-stricken and afraid to leave their homes. No arrests have yet been made.

Ohio Plant Sold. Hartford, Conn., March 17.—The Hartford Machine Screw company's business and plants in this city and in Elyria, O., have been sold to the Standard Screw company of Detroit, Mich. The Hartford concern is capitalized at \$500,000, and it is understood sale price approaches \$1,000,000.

Theater Scorching. Dayton, O., March 17.—Fire in the Victoria theater building caused the dismissal of the audience in the third act. There was no panic, the assembly passing out quietly. Miss Rose Coghlan in "Diplomacy" was at the theater. The loss is estimated at \$30,000. The theater will be closed until Monday.

Livery Barn Consumed. Marietta, O., March 17.—Fire of supposed incendiary origin destroyed the S. D. Dutton livery barn and other buildings. Five horses and complete outfit were destroyed. The loss is \$5,000, partially insured.

Sale of Detroit Southern. Cincinnati, O., March 17.—The sale of the Detroit Southern railroad, terminating the receivership, was set for May 1 at Springfield, O.

Another Gas Well. Howard, O., March 17.—Drilling was commenced Thursday by the Ohio Fuel Supply company on the Cochran well, located between the Gambier well and the Fish well.

WASHINGTON NEWS

President in New York.

Washington, March 17.—President and Mrs. Roosevelt and party left this morning for New York. This afternoon the President is to attend the wedding of his niece, Miss Eleanor Roosevelt and Franklin Roosevelt. He will then go to the home of Mrs. Douglas Robinson, the President's sister. This evening he will attend a banquet given by the Friendly Sons of St. Patrick and Sons of the American Revolution. The Presidential party will leave New York on the return trip soon after midnight.

Taft on Philippine Policy.

Washington, March 17.—In order to allay any misapprehension relative to the policy of the administration with respect to the future of the Philippines, Secretary Taft made public the text of a letter which he wrote to John N. Blair of New York bearing directly on that subject. The secretary states very plainly that the policy of the administration is the indefinite retention of the Philippines, "for the purpose of developing the prosperity and the self-governing capacity of the Philippine people." What shall be done when the Philippines have reached a condition when they can safely be trusted with their own government, the secretary believes to be a question which doubtless will have to be settled by another generation than the present.

Go to the Philippines.

Washington, March 17.—Orders have been given for Companies A and B, First Battalion of Engineers, at Fort Leavenworth, Kan., to proceed to San Francisco for embarkation for the Philippine Islands on the extra transport sailing July 1 next, relieving headquarters and Companies L and M, Third Battalion of Engineers, which are ordered to Fort Leavenworth, Kan.

Castro's Attitude.

Willemstad, island of Curacao, March 17.—According to trustworthy advice received here, the situation in Venezuela is unchanged, both internally and as to foreign affairs, except that the relations between President Castro and the various legations at Caracas are a little more strained. Castro has now ceased to talk with the European representatives concerning the Venezuelan indebtedness, and the recent recall of General Antonio Velutini, second vice president of Venezuela, who has been in Europe for some time endeavoring to arrange for a settlement with the British and German bondholders, is regarded as an indication that the negotiations have failed. The members of the diplomatic corps are chafing under the present state of affairs. It is said that none of the diplomats has been able to have an interview with Castro in regard to the disputed international questions for months.

Bulgarians Defeated.

Salonica, European Turkey, March 17.—The report that Apostel, the notorious Bulgarian leader, has been killed, is confirmed. A sharp engagement took place between 500 Turkish infantry and cavalry and a strong band of Bulgarians at the village of Smolana, near Chevreli. The Bulgarians were defeated with the loss of 42 killed, including Apostel. The Turks lost three men killed and had eight wounded.

Said to Have Forged Passes.

New York, March 17.—Four men, charged by the officials of the New York Central company with forging and selling passes over that road, have been arrested. The men are Albert Neuman, Max Ziverfisch, Isidore Hoptmann and Louis Bringsham. The New York Central has been victimized for over a year, forged passes representing \$6,000 having been sold.

Floater Found.

Boonville, Ind., March 17.—It is now believed that the body of an unknown man found in the Ohio river near Newburg is that of a wealthy resident of Louisville, who was drowned in the Ohio river near that city some days ago. The body measured 5 feet 9 inches in length and was well dressed.

JOHN C. ROWAN.

Rheumatism.

Prof. E. E. Phelps, of Dartmouth University, the discoverer of the formula of Paine's Celery Compound, always maintained that rheumatism could be traced back to diseased nerves that failed to do their work properly.

Bear this in mind while reading the letter of John C. Rowan that follows.

Mr. Rowan wrote us over 10 years ago telling us how much he was being helped by Paine's Celery Compound. We wrote him a short time ago to find out if he still relied on Paine's Celery Compound.

"Yours of the 2d inst. is at hand, and in reply would say that I have never had any cause to change my opinion as to the good qualities of Paine's Celery Compound. As you are aware, some ten years or thereabouts ago, I was a martyr to rheumatism and suffered intense pain, with it in my knees; could not rest at night, but walked the floor with pain.

"All manner of remedies were tried; some gave me temporary relief, others have had no effect whatever.

"Now, my reasons for taking Paine's Celery Compound in preference to other remedies was that on an occasion once before I had taken two bottles of Paine's Celery Compound, and was relieved so much that I did not take any more at that time, after my experience with other remedies which did me no good. Later, I was positive then that I had not given Paine's Celery Compound a fair trial to cure me absolutely of rheumatism.

"I concluded to take twelve bottles, and I did so, and I can assure you that you have a compound that is honest, and a sure destroyer of rheumatism.

"I have found it so, for up to this present date I have never felt any symptoms of rheumatism. I take it every spring, but for the blood only.

"Now, we have a remarkable case here in one of our schools, the janitor, Mr. William Garlow. He is a man between seventy and seventy-five years of age.

"He had suffered very much with rheumatism, so he felt he must give up his position. I had frequently recommended Paine's Celery Compound to him, and, like myself, he had taken one or two bottles of it, but did not give it a fair trial. I informed him of my case, and said: 'Try a dozen bottles, and it will convince you that my statement is correct.' He purchased five bottles; one he kept at the school, so he could take it as directions call for. Now he is well and feeling better than he has for years, and is a strong supporter of Paine's Celery Compound. His address is William Garlow, Oakdale avenue, or Humboldt High School.

"Others have asked if it is a fact that Paine's Celery Compound has done so much for me and keeps me so healthy.

"That and the way I live have been the cause. At the time I had the rheumatism I was affected with catarrh. You can be assured I shall always be a friend of Paine's Celery Compound, for I am indebted to it. I can never pay. You can refer to me and use this letter as you see fit in the cause of Paine's Celery Compound. I am, yours truly,—John C. Rowan, 137 East Winifred street, St. Paul, Minn.

When you are sick in some part of your body it is because some organ is not doing its work. That is because THE NERVES ARE NOT STRONG ENOUGH to keep that organ up to its work.

The better the Nerve Force the better all the organs can work and give perfect health.

Paine's Celery Compound feeds the nerves—restores them to their strength—gives them new power to send vitality and health to every part of your body, new courage to your heart, new animation to your brain.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University. All reputable druggists recommend and sell Paine's Celery Compound.

Locates in Newark.
County Commissioner John M. Lambert has rented his farm in Newark township and has moved to this city. He will be located on North street, and will engage in the milk business.

A Baby Daughter.
The stork in its flight over the city on the morning of St. Patrick's day, stopped at the corner of West Church and Ninth streets, and left a little girl for Mr. and Mrs. Wm. P. Miller, who are now visiting at the home of Mr. Miller's mother, Mrs. Abram Miller.

Will Return to Newark.
Mr. T. J. Gainer of this city has just been elected president of the Coshocton Glass company, which has had a very prosperous year. The company has declared a 10 per cent dividend on its common stock. Mrs. Gainer and children expect to move back to Newark about May 1, as they own property here, but Mr. Gainer will continue to manage the Coshocton factory.

Mission Circle Election.
At the annual business meeting of the Woman's Mission Circle of the Fifth street Baptist church the following officers were elected: President, Mrs. M. S. King; first vice president, Miss Caroline Jones; second vice president, Mrs. Belle Bishop; secretary, Mrs. Earle Sayre; treasurer, Mrs. T. M. Ball.

Canoe Trip on River.
George Bader and Frank Gates went to Zanesville this week in a skiff from Newark over the Licking river. Last Friday they took a canoe from Lakeside Park at Buckeye Lake and made the trip over the South Fork of the Licking river and landed at German street bridge without any difficulty. Both trips were made without any mishap, and they had a pleasant time.

NEWARK WAITER.

THE GRIM REAPER

HEART TROUBLE

Causes Sudden Death of Mrs. Minnie A. Griffith, a Young Woman of West Newark.

Mrs. Minnie A. Griffith, wife of Chester C. Griffith of 745 West Main street died very suddenly at her home last night about 10 o'clock. Her death was due to heart trouble from which she had been a sufferer for years.

Mrs. Griffith was taken violently ill about the hour mentioned, with severe pains in the region of the heart. Mr. Griffith sent at once for Dr. Barker, but the unfortunate woman was dead before the arrival of the physician.

The announcement of her death came as a severe shock to Mrs. Griffith's many friends as she visited the downtown stores yesterday on a shopping tour.

Mrs. Griffith was about 30 years of age and has resided in Newark for several years. She is survived by her husband and one son, Harold, aged 12 years.

EMANUEL VARNER

Aged Resident of Black Hand Died on Thursday Night—Burial Takes Place Saturday.

Black Hand, March 17.—Emanuel Varner, 82 years of age died at his late home two miles south of Black Hand Thursday night at 10 o'clock, his death being due to the infirmities of advanced age. Mr. Varner leaves four sons, Lloyd, Samuel, Milton and Martin, and one daughter, Mrs. W. H. Crawford.

The funeral will take place Saturday at 10 o'clock and the Rev. Mr. McGrade of Pataskala will probably officiate.

CASSIE MAY TAYLOR.
Cassie May Taylor, the infant daughter of Mr. and Mrs. Arthur Taylor of Elmwood avenue, died Friday morning after a brief illness. The child was 11 months old. The funeral services were held this afternoon and the body was interred at Cedar Hill.

MRS. REBECCA D. HAZLETT.
Funeral services over the remains of Mrs. Rebecca D. Hazlett were held at the family residence at 8:30 o'clock Tuesday afternoon. Rev. Lewis P. Franklin, of Newark, conducted the services. The interment, which was private, was made in Woodlawn cemetery.—Zanesville Courier.

GEO. HEDRICK'S FUNERAL.
The funeral of George Hedrick who died at his home on Granville street on Wednesday night, took place from his late home Friday afternoon at 2 o'clock, the services being conducted by Rev. L. C. Boyce, pastor of the First Presbyterian church, and the interment was made in Cedar Hill cemetery. The funeral services were under the auspices of Newark Lodge No. 97, F. & A. M.

The Outrage in Colorado.

Yesterday by a vote of 51 to 41 the Colorado Legislature decided the gubernatorial contest against Governor Adams, and in favor of Peabody, his opponent. That Republicans voted with the Democrats against the commission of this outrage is a fact which will be abundant evidence to the fair-minded people of the country generally of the weakness of Peabody's case. Additional convincing testimony on this point is furnished by the agreement which Peabody was compelled to enter into to secure even this result, it being stipulated that he should resign the office and permit the succession of the lieutenant governor, whose election was not contested. The injustice of thus evading the real issue by what can only be called a political trick is clear. Either Governor Adams or Governor Peabody was elected. No less than 22 Republican members of the Legislature went on record to the effect that they did not believe Peabody had a legal majority, and refused to vote for him. Obviously the only logical deduction from this was that Adams had been elected. But 12 of these Republicans agreed Thursday to declare Peabody elected solely that he might resign. If there is any political, or other kind of morality in this action it is not evident.

It is, of course, very strange that Jimmy Garfield should have so completely misinterpreted the feeling of the public, and the facts concerning the grinding trusts which are oppressing the people that he should have undertaken to make a report justifying the beef trust and have it appear that that giant monopoly is not making improper profits. But he is one of those high moral Republicans whose training and environment have taught him to take the side of the dollar and so he could not make any different report if he had tried. The experts are now getting after him and are showing that he is either an ignoramus or a prevaricator or both. The real profit to the beef trust instead of 9 cents a head, as Garfield said, is proved to be about \$8 a head.

WM. E. MILLER

As a Member of the Council Favors the Proposed City Electric Light Improvement.

In its article on the proposed improvements for the city electric light plant, the American-Tribune represented Councilman William E. Miller as being opposed to the improvement. This is a misrepresentation of Mr. Miller's position. He is now in New York on business connected with the Zanesville Mosaic Works and the American Tribune has doubtless been erroneously informed from another source than Mr. Miller himself. Ten days ago Mr. Miller informed a representative of the Advocate that he considered the time had come when such an improvement to the city's plant was absolutely necessary, and that as a member of the council he would introduce an ordinance himself for issuing and selling bonds to raise the necessary funds for the improvement if no other member did it.

HOTEL JACKSON IS NOW OPEN

MR. HILDEBRAND SPARES NO EXPENSE IN FITTING UP THE HOUSE.

Dining Room Resplendent in Old Mission Style of Decorations—Bolton House Under New Name.

After being closed for six weeks undergoing extensive repairs and alterations, the Bolton House located near the B. and O. depot, was reopened Friday under the new name, The Jackson.

The new proprietor, H. F. Hildebrand, who owns and operates numerous lunch rooms along the B. and O. railroad, has spared no expense or pains in remodeling the hostelry and the place now presents an inviting interior to guests and visitors who were shown through the building by the proprietor and his lieutenants.

The improvements begin on the first floor and extend to every nook and crevice in the structure. The room formerly occupied by the lunch counter has been turned into a modern pool and billiard room. The dining room is now resplendent in Old Mission style of decorations and fittings. The beauty of the dead black furniture and wood work is increased by artistic lighting and a rich green floor covering.

In the bar room, the latest style in wood work and wall paper has been carefully utilized with beautiful effect. New bar fixtures have been installed, making one of the most up-to-date bar rooms in the city. The kitchen has been rearranged which enables the kitchen and dining room help to give the most efficient service to the patrons. Perhaps the greatest improvement is noted in the sleeping apartments of the new hotel. Every room has been newly papered and painted and new carpets on the floor. In most cases new furniture has replaced the old and new pieces have been added.

Mr. Hildebrand stated to an Advocate reporter that the new hotel would cater to the commercial travelers and the general traveling public believing that such a class of people would appreciate first class service in a two dollar a day hotel.

Mr. Hildebrand's success is assured in this venture by his wide acquaintance and reputation among commercial travelers and the traveling public in general.

MISSIONARY

Of Western Canada Dies After a Long Illness—Mgr. Ritchot Was Prominent in Rebellion of 1881.

Winnipeg, Man., March 17.—Mgr. Ritchot, 80, one of the pioneer Roman Catholic missionaries of western Canada, and for the past 43 years parish priest at the French settlement of St. Norbert, on the Red river, is dead after a lengthy illness. The deceased priest took a prominent part in the Riel rebellion of 1881, endeavoring on behalf of the French half-breeds to bring about a peaceful settlement, and was one of the delegates appointed by the provisional government to proceed to Ottawa to draw up a bill of rights. As recognition of his great services he was created apostolic protonotary by the pope in 1893.

REDMOND'S SPEECH

Leader Says the Political Prospects of Ireland Were Never Brighter Than They are Now.

London, March 17.—John E. Redmond, speaking at an Irish banquet, said the political prospects of Ireland were never brighter and the Irish question now dominated parliament. Referring to Lord Rosebery's speech on home rule he likened Lord Rosebery to the cuckoo, which was heard every spring, but which none heeded. He said the Irish people remembered Rosebery's forewarned pledges to Ireland. The Irish party never would support or keep in office any Liberal government which took Rosebery's view of home rule.

THE FOUNTAIN

In the Court House Park Will be Repaired by the Board of Public Service.

The Advocate is pleased to announce that the Board of Public Service has taken the necessary steps to repair the fountain in Court House Park that was donated by the W. C. T. U. Mr. John P. Mr. Lamb also states that delay on the part of the manufacturers in answering correspondence is really the reason the fountain was not restored last year.

ST. PATRICK'S DAY IS CELEBRATED

SERVICES ARE HELD ON FRIDAY MORNING AT ST. FRANCIS DE SALES CHURCH.

Mulhane Lecture and Drama Given This Evening at the Memorial Auditorium.

St. Patrick's Day was generally but quietly and appropriately celebrated in Newark. Shamrocks were largely in evidence and the usual religious services were held. Mass was celebrated at the St. Francis de Sales church at 7 and 9 o'clock. Rev. Father L. W. Mulhane, of Mt. Vernon, being the first celebrant, and Rev. Father B. M. O'Boylan the celebrant of the last mass.

This evening the Rev. L. W. Mulhane will deliver a fine lecture at the Auditorium under the auspices of the Ancient Order of Hibernians of this city, upon the subject, "The Celt at Home and Abroad." The lecture will be followed by the stirring drama, "The Heart of a Hero," which will be presented in a first class manner by the Catholic Literary and Social club. The complete program of this evening's entertainment at the Auditorium was printed in yesterday's Advocate.

OSCAR DARED GIRL TO MARRY

MISS HUTTON PROVED THAT SHE WAS "GAME" BY BECOMING HIS WIFE.

Pretty Bride Accepted Proposal While Taking a Spin in Oscar's Automobile.

New York, March 17.—A Philadelphia dispatch to the Herald is as follows:

As the result of a "dare" Miss Augusta Hutter, well known in Philadelphia athletic circles and one of the best women bowlers in the city, is the bride of Oscar S. Eastlake, a wealthy business man and an enthusiastic automobilist of Camden, N. J.

"I never took a dare, and when I was dared by Mr. Eastlake to marry him I was game," said the bride.

Miss Hutter's "game" is the talk of her acquaintances, and at her new home in the Garden apartment house in Camden, the bride and groom are being deluged with telegrams and other messages of congratulations.

"I have known Mr. Eastlake for three years," said the bride. "He is a great automobilist and has won prizes in many races. On Monday afternoon he called for me and we started for a ride in the park. We were spinning along through Wissahickon drive and talking about the dangers of fast going. I said I was not afraid of anything. He turned to me and said:

"There's one thing you are afraid to do. You won't go to Camden now and marry me. I dare you to do it."

"I will do it," I said. I am game if you are."

"He turned the automobile in an instant and we were bound for Camden. On the way he asked me repeatedly if I was 'game.'"

"If you are," I replied.

"On reaching Camden we went to the home of a friend of Mr. Eastlake, who, with another acquaintance, accompanied us to the office of Justice of the Peace Charles Baldwin, on Newton avenue, below Broadway.

"Are you still game?" Mr. Eastlake asked me as we entered the office.

"Certainly," I said, and in a few minutes I was his wife."

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 229 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak loud. In my extremity a friend advised me to take Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council."

BILLY GOAT

Devours a Pair of Rubber Boots and Then Tackles a Flock of Tin Cans at Metz Barn.

Martin Kear, an efficient member of the corps of workers at Metz' meat market, in addition to his celebrated dog, is also the owner of a billy goat. Thursday he left the goat in the barn of his employer, Mr. C. C. Metz, while he went about his work. A telephone alarm was turned in from the Metz residence soon afterwards asking that some one come down and get the goat, as he was masticating everything within his reach. He had already devoured a pair of rubber boots, and a few cast off tin cans, and was meditating an attack upon the ash barrel. The goat was taken away at once and Friday he sported a pair of green horns in honor of the day we celebrate.

MORTGAGES.

A lot of you readers have mortgages on your homes. Seems like it's about all you can do to pay the interest on it. If you, a big, strong man, can't raise that mortgage, will you tell us how your widow is going to do it? Raising your children will keep her fully entertained, and if you don't provide the means of raising the mortgage, the sheriff will raise the roof from the heads of your dependent ones. This isn't sentiment—it's a brutal fact. A policy in the Equitable Life of New York will raise both the mortgage and the children, and it costs very little, too. You don't have to die to win; if you live to an old age, the cash value of the policy, which will be a large sum, may be drawn by you and used for your own support.

COACHES JUMP THE TRACK.

Elkton, Md., March 17.—The New York and Washington limited express No. 46, northbound, on the Philadelphia, Baltimore and Washington railroad, was wrecked at Northeast while running at a high rate of speed. Fortunately no one was seriously injured. The train was made up of several Pullman cars, a dining car and several coaches. On nearing Northeast station the dining car jumped the track and was followed by the three coaches in the rear. The coaches were overturned and the passengers badly shaken up. The windows of the cars were smashed and the trucks broken.

Emperor's Mission.

Vienna, March 17.—The official announcement made here that Emperor Francis Joseph will go to Budapest on Sunday awakens hope that the long drawn out political crisis in Hungary lasting since Jan. 26, and the solution of which apparently was in no wise advanced by the emperor's recent interview with 16 Hungarian political leaders, is soon to enter upon its last stages. If a solution is at hand the ways and means thereto at present is unknown.

State Senators Gave Bond.

Jefferson City, Mo., March 17.—State Senators Frank H. Parris and Charles H. Smith, indicted on charges of bribery in connection with the defeat of the bill to repeal the statute prohibiting the use of alum in the manufacture of baking powder in the legislature in 1901, appeared before Judge Martin and, waiving the reading of the indictments, gave bond in the sum of \$2,000 each. Judge Martin set the case for hearing on May 22.

ENGWERTSON WILL

Suit to Break it is Filed at
Columbus

GAS EXCITEMENT IN ST. ALBANS

Utica May Have New Church—Two
Weddings—A Masonic Meeting
at Johnstown.

Columbus, O., March 17.—In a suit to set aside the will of the late Otto J. L. Engwertson, it is said that his name was not Engwertson, but Lichti. The suit is brought in Common Pleas court by Jacob Lichti of Cuyahoga county, an alleged heir at law, against May B. Engwertson, administratrix of the estate. It is alleged that the will in question is not the last will and testament of the deceased.

Mr. Engwertson was instructor in music at Denison university at Granville several years ago. He was well known in Newark. Prof. Engwertson was afflicted with paralysis in Philadelphia and later went to Europe, where he died.

Gas Fever at Alexandria.
Alexandria, O., March 17.—The gas fever is unabated and is now the sole topic in this town. Three or four companies have men here who are falling over each other to get leases on land in this township, and some fancy prices have been paid during the past week. St. Albans township measures 36 square miles, and it is a safe bet that not 500 acres remain not leased. Even lots in Alexandria village are being leased. Everybody is feeling good over the situation as money is pouring into the town.

Disciple Church at Utica.
Utica, March 17.—Rev. Harry G. Hill of Indianapolis has been assisting Revs. McConnell and Singer Elstun in the meetings at the town hall each evening this week. The members of the Church of Christ are much strengthened in their desire to secure a house of worship in Utica. The fact it is almost a certainty that they will have one within a few months. In case of the long-talked of consolidation of the Presbyterian churches of the village, the Church of Christ people have intimated that they would buy one of the church edifices instead of building for themselves.

Myers-Wright Wedding.
Johnstown, O., March 17.—A happy wedding took place Sunday evening at the home of the officiating minister, Rev. Mr. Hanawalt, on Williams street, Mr. Arthur Myers and Miss Gertrude Wright being the contracting parties.

Bride From Johnstown.
Alexandria, O., March 17.—At the home of Rev. W. I. Todd in Columbus at 4 o'clock Wednesday afternoon, Edward H. Hammond of Alexandria and Miss Esther Johnson of Johnstown, daughter of Mrs. Agnes Johnson, were married. The bridegroom is the son of Mr. and Mrs. John Hammond of St. Albans township, and is a popular liveryman here.

Johnstown Masonic Lodge.
Johnstown, March 17.—Center Lodge F. & A. M. will confer the entered apprentice and master degrees tonight, and District Lecturer E. H. Franklin will be here from Newark to inspect the work. Center lodge is growing. Several new petitions will be received tonight.

AN OLD CHARGE

Of Burglary Against U. G. Gattion
Heard in Police Court Friday.
Had Skipped Town.

The case against Ulysses Grant Gattion in which the defendant is charged with burglary, was continued in police court Friday morning, until 2 p. m.

Advocate readers will remember the case of burglary for which Gattion is being tried. Mrs. Harvey Smith, colored, of North Fifth street, aroused her neighbors on the night of July 3, with loud cries for help. It was learned that a rear window of the Smith house was broken, and an attempt made to burglarize the house. The investigation by the police resulted in the affidavit being filed against Gattion. The latter disappeared immediately after the crime was committed. Several witnesses have been subpoenaed in the case.

GRANVILLE NEWS

WARNING TO PEOPLE WHO ARE KILLING BIRDS.

Phi Gams to Have a Pig Dinner—Recitals and Society Affairs—Personal Items.

Granville, March 17.—Complaint is heard from a number of our citizens about the discharge of fire arms within the village limits. It seems that several people are killing the black-birds and robins that roost in several chosen spots in Granville. These poachers need to remember that it is against the game laws of Ohio to kill song and insectivorous birds. They are running the risk of arrest and punishment, for a number of bird lovers are getting out of patience with such illegal slaughter.

Miss Elsie Hirschberg will give a recital, assisted by A. H. Judson, violinist, and Mr. Eller P. Legler, baritone, at the High School chapel, Newark, on Wednesday evening, March 22, for the benefit of the library fund. Reserved seats may be had at Wiles-Erman drug store, Newark, or at the Granville book store.

Rapid progress is now being made on the Sheperdson college sewer. The contractors and men have labored under many difficulties, but they see light ahead.

There will be a pupils' recital at the Conservatory on Wednesday afternoon, March 22, at 4 o'clock. This is the first public recital of the year, and a cordial invitation is extended to all to be present.

On Friday evening of next week the members of the Burg street club will meet at the home of Walter Thompson, when the annual dinner will be served.

Invitations have been sent out for the second annual pig dinner and twentieth anniversary celebration of Lambda Deuteron Chapter of Phi Gamma Delta, to be held on Thursday evening, March 23 at 7:30 o'clock.

Paul Ringland, son of Rev. W. F. Ringland, who graduates this coming June at Western University, has been elected to the position of professor of science in the University of Wooster, to take the place of the present professor, who will spend a year abroad.

Mrs. Minnie B. Kerr has purchased from the heirs of the late M. H. Buxton the old hotel property on East Broadway, and two lots on Pearl street. She will conduct the hotel as heretofore.

Miss Irene Jones entertained the Ladies Thimble club on Wednesday afternoon, March 15, in a most delightful manner. Twenty-four ladies were present, and enjoyed the hospitality of Miss Jones. During the afternoon a delicious luncheon was served.

"Indian Ceremonial Observances." His subject will be the "Snake Dance, or the Drama of Creation." Dr. Dorsey ranks as one of the best authorities in his line in the country. His training in his special line of work began under Prof. Putnam, of the Peabody Museum of Harvard, and it will be remembered that he was chosen to make collections in certain parts of South America for the exhibit at the Chicago World's Fair in 1893. His success in this work led to his permanent connection with the Field Museum, and the value of his Indian researches has since been recognized by a liberal grant of money from the Carnegie Institution. One whose success has been so generously recognized by the highest authorities elsewhere should certainly not fail of a cordial appreciation in his home town. We bespeak for him a crowded house on Saturday evening.

IN GAS FIELD

LOGAN PEOPLE CONVINCED THEY HAVE GOOD OIL LAND.

Hunt & Childs Drill a Good Well Near Appleton—Many Leases in St. Albans Townships.

Utica, March 17.—This week's Herald has the following news of the gas field:

Hunt & Childs drilled in a good well for the Ohio Fuel on the John Davis farm near Appleton.

The Centerburg company drilled in a million and a half well on the Lon Burgess farm near Brandon Monday. Perhaps you heard the "barker" on the exhaust at the Torrins well Saturday—if you live within several miles of it.

The Columbus company is drilling on the N. G. Brown and Frank King farms in Union township. These wells are farther southeast than any others.

Leasers have overrun the vicinity of Alexandria since the Mount well came in. The Ohio Fuel holds more acreage than any other company about that point.

The Logan company drilled in a five million well last week on the Wm. Chambers farm near the O'Rourke wells. They have set stakes on the Ward and Wilson lands in the same neighborhood.

There is some talk of the Ohio Fuel Supply company laying service lines in St. Louisville the coming summer. Their trunk line from this field to Zanesville passes less than two miles northeast of the village.

Contractor Elwood Kinsey has an aggravated automobile attack. The crisis will be reached in a short time, when he will bring into Utica a beautiful machine with power that will convey pretty nearly a whole string of fools from place to place. Mrs. Kinsey will conquer the bird.

The Hall well of the Logan, a mile south and a little east of Bladenburg, and about 1200 feet from the McKee well, was drilled in on Monday. Oil rose in the hole to the depth of about 700 feet in a short time, which is said to be even better than the McKee well before it was shot. The Hall well was ordered shot yesterday. The Logan company officials are now convinced that they have a good oil field.

NEW HOTEL

WILL SOON BE STARTED OVER AT BUCKEYE LAKE.

Big Improvements to be Made This Year by Traction Co.—Cottages to Go Up.

Mr. Wm. D. Harris, the hustling manager of Buckeye Lake Park, said Friday to the Advocate that the C. B. L. & N. traction company will soon commence the erection of its mammoth hotel at Buckeye Lake Park. The hotel will contain 50 rooms, finished in the most modern style.

It is thought, however, that the building cannot be completed in time to be thrown open to the public until the latter part of the season. It is to be modern in every detail, after the Spanish style of architecture, and is to be built on the high hill where now stands the observatory. This hill, the most beautiful part of the grounds, will this spring be improved by a landscape gardener. Shrubbery will be planted, walks plotted, running up to the hotel, and in fact, this part of the grounds will be turned into the park proper and boat houses, dock, dancing pavilion, etc., will be moved over. The bath house is now being moved over to the new artificial lake. This lake will be sanded with sand brought from Toledo via T. & O. C. railroad. A beach will be made around the new lake and a toboggan or shoot the chutes will be erected.

A great many improvements are contemplated by the management that cannot be completed until fall, owing to the high waters in the spring. Among them, cement steps that were built on the main shore of the park, will be built the whole length of the 3000 feet of lake front. Palisades will be erected and the whole lighted, giving a beautiful effect.

Many cottages will be built at the Lake this spring and a hotel is now going up on land adjoining Buckeye Lake Park.

REPORTED SALE IS PREMATURE

TRANSFER OF SEWARD PROPERTY ON WEST MAIN HAS NOT TAKEN PLACE.

Demand for Houses Continues—New Structures Commenced—Really Transfers—Real Estate News.

The notice in another paper Thursday evening stating that Mr. J. A. Seward had sold his building on West Main street to the Consumers' Brewing company of this city for a consideration of \$12,000, was a little premature, as no sale of the property has been made. Mr. Seward told an Advocate reporter on Friday that there had been some talk of such a deal, but that nothing definite had been done. When there is anything to say the Advocate will publish the news.

I. M. Phillips, manager of the Newark Real Estate and Improvement company, stated today that the demand for houses was unprecedented. On Thursday morning seven telephone inquiries were received between 8 and 10 o'clock for rentable property. Many more called at the office for the same information. The demand was as large today as ever, and is far greater than the supply. This company has just begun the erection of two modern six room houses at Western avenue and Eleventh street. These houses would be sold as soon as completed. The Newark Real Estate and Improvement company which built about 40 houses last season has staked out a number of new dwellings.

Contractor B. B. Jones has commenced the construction of a double cement house for John Braddock on Hudson avenue. The work will be completed as soon as possible.

People interested either in the purchase or sale of real estate are invited to turn to the want columns. Several new pieces of property are there listed today.

The contractors of Newark say the season about to open will be a busy one.

There is a great scarcity of houses in Newark this spring, although there have been more new houses built in the past several years than in the history of the city. Real estate men are besieged with people who are hunting homes.

Mr. George Markley, owner of the building on the south side of the square occupied by Rutledge Brothers' clothing store, is having an addition of twenty feet added to the rear of the building. This will be used by the Rutledge Brothers for the children's department, and will be up to date in every particular. The Rutledge boys are hustlers, and have built up a big trade in Newark and Licking county.

As before stated the Baker block on West Main street has been purchased by the local lodge of Odd Fellows from Mrs. Belle Hamlet. The consideration being \$19,000.

The history of this property from nearly a century ago to the present time shows at a glance the increase in the value of business property during the last generation.

The following information is taken from the abstract and is absolutely correct:

August 25, 1825, Stephen C. Smith sold the lot to Benjamin Briggs for \$60. The size of the lot was 47x198 feet.

March 29, 1852, John N. Stone sold the property to Lucius Case for \$3,000. A good dwelling, later used as a tavern, had been erected on the lot previous to this sale.

August 26, 1864, Cynthia Case sold to Jerome Buckingham. Price \$3,000. September 1, 1864, Jerome Buckingham sold to Charles D. Myers. Price \$3,000.

June 7, 1866, Charles D. Myers sold to Mary Koos for \$4,000. Mary Koos to Jno M. Fulton and Gibson Atherton for \$6,200.

On April 15, 1874, Gibson Atherton and Alonzo P. Taylor sold to James L. Berkey for \$8,000.

July 7, 1874, James Burkey sold to George Wallace for \$9,000. Mr. Wallace a short time afterwards built the Music Hall and the two store rooms. Later Wm. Bailey of Wheeling, West Virginia, purchased the property.

February 27, 1888, Wm. Bailey sold to William Baker, this being a forced sale.

The property then passed into the hands of the late owner, Mrs. Belle Baker Hamlet. George Wallace, as agent, for Mrs. Hamlet, sold the property to the present owners, the local lodge of Odd Fellows, the purchase price being \$19,000.

Fred C. Evans, the well known real estate man of West Main street, has broken ground for six new dwelling houses on Oakwood avenue and Tuxcarawas street. These dwellings will be modern in every respect and will be offered for sale as soon as completed. The property is owned by Evans, stated that he built sixteen houses during 1904 and expected to erect twenty or more during the present year.

Regarding the rental business Mr. Evans stated that the demand for houses is much greater this year than

any year in Newark's history. The numerous manufacturing plants are continually drawing new residents to this city which creates the demand for homes. The high rents induce many to purchase homes who would otherwise be satisfied with rented property.

Mr. Evans predicts for Newark during 1905 the greatest real estate boom in her history.

Ex-Congressman J. W. Cassingham and Mr. Stump were here Thursday arranging to improve their West Newark land which is to be put on the market.

OLD SORES OFFENSIVE DANGEROUS

Nothing is more offensive than an old sore that refuses to heal. Patiently, day after day, it is treated and nursed, every salve, powder, etc., that is heard of is tried, but does no good, until the very sight of it grows offensive to the sufferer and he becomes disgusted and morbid. They are not only offensive, but dangerous, because the same germ that produces cancerous ulcers is back of every old sore. The cause is in the blood and as long as it remains the sore will be there and continue to grow worse and more destructive. The fact that thousands of old sores have been cut out and even the bones scraped, and yet they returned, is indisputable evidence that the blood is diseased and responsible for the sore or ulcer. Some years ago my blood became poisoned, and the doctor told me I would have running sores for life, and that if they were closed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated I would be, neither have the sores ever broken out again. JOHN W. FUNDIS, Wheeling, W. Va., May 28, 1903.

Valuable time is lost in experimenting with external treatments, such as salves, powders, washes, etc., because the germs and poisons in the blood must be removed before a cure can be effected. S. S. S. cleanses and purifies the circulation so that it carries rich, new blood to the parts and the sore or ulcer heals permanently. S. S. S. not only removes the germs and poisons, but strengthens the blood and builds up the entire system by stimulating the organs, increasing the appetite and giving energy to the weak, wasted constitution. It is an exhilarating tonic, aids the digestion and puts every part of the body in good healthy condition. Book on the blood, with any medical advice wished, without charge.

AMUSEMENTS

THE MINISTER'S SWEETHEARTS.

"The Minister's Sweethearts" comes to the Auditorium Saturday, matinee and night, and will be the summer attraction at the Great Northern theatre in Chicago. Each summer one of the better of rural dramas is selected. The plays that have been used for summer runs in the past are "Shore Acres," "Sky Farm," "Way Down East" and "York State Folks." The management expects to break all records on account of the original ideas that are so cleverly brought out in "The Minister's Sweethearts."

BABES IN TOYLAND.

Experts say that no theatrical production any way approaches Glen McDougall and Victor Herbert's beautiful extravaganza "Babes in Toyland" for the wonderful completeness of its new and passingly strange electrical effects.

One picture, which cost nearly a thousand dollars to create and which evoked the genuine admiration of everyone who saw the production during its long run of 250 nights at the Majestic theatre last year is the amazingly realistic appearance of the thousands of butterflies which are seen swarming from the enchanted shores of Toyland as the shipwrecked little Alan and Jane approach it after having been sent as their uncle thought, to death in a scuttled ship.

The parti colored wings of the butterflies as they swarm along the shore line of Toyland, is gorgeous in the extreme. One would swear almost that the butterflies were the real, live creatures and it is only the more astonishing when one realizes that the pictures are projected by two electrical machines especially built for the purpose.

Another picture which is wonderful in its nearness to nature is the storm scene. The troubled water surge and roll in their impotent rage, the lark sky cloud massed and lowering is given by tongues of zig zag and forked lightning. An idea of the money these effects cost Messrs. Hamlin and Mitchell may be had when it is considered that one of the corps of experts of the Metropolitan stage lighting company spent four months experimenting before the work of building the especially constructed machines was started.

Besides the regular stage electricians which every first class theatre has, Hamlin and Mitchell send three electricians, with their road production of the corps of experts of the Metropolitan stage lighting company spent four months experimenting before the work of building the especially constructed machines was started.

Eczema

Cured in 3 months by

D. D. D. Prescription.

March 6, O. June 1, 1905. D. D. D. Co., Chicago, Ill.

Gentlemen—I am so grateful for having found a cure in your D. D. D. Remedy, that I feel it my duty to write you about my case so that you can tell other sufferers about it, for I know it will do the same for them that it did for me.

My occupation as gardener keeps me exposed to the weather a great deal and consequently my skin disease would effect me a great deal. For twenty-two years I have been in torture from a severe case of eczema and often I have had to stop my work in the garden and go in out of the sun, for it seems when I get heated the eczema itched and burned me as though I were alive. Your D. D. D. was recommended to me by Mr. Fickens, who has been my gardener for many years. I had no faith in it because everything I had tried had failed. I decided to give it a trial at least. I suffered no longer for D. D. D. gave me relief at once and I was glad to keep on using it. It seems impossible that a case of so many years standing should be cured in three months, but I vouch that it did in my case. I cannot praise or recommend it too highly.

Yours respectfully,
AUGUST C. EHRHARDT.

If you are suffering the tortures of the damned don't hesitate, but go TODAY, NOW, to your druggist and invest \$1.00. It will not be an expenditure, but an investment in happiness.

is guaranteed to cure or money refunded.

FOR FAIR VIRGINIA.

There must be a vast amount of merit in a play that can win and hold the approval of all critics and all audiences since its first production in New York nine years ago. Such is the enviable record of the great war play, "For Fair Virginia," to be seen at the Auditorium, Tuesday, March 24. Its story is simple, directly appealing and never for a moment lets the audience tire. The incidents that lend action to the play form interesting history of the feeling in the South at the time of the war, and are never offensive or overdrawn. Seats on sale Monday.

BALL SONG RECITALS.

There will be a series of Lenten recitals at Taylor Hall by Mr. Walter Bentley Ball. On Friday evening, March 31, "The Songs of Robert Burns;" April 7, "The Songs of Alfred Tennyson;" April 14, "The Songs of Thomas Moore;" Prof. Sanger of the High school will assist in the Burns recital with a talk on the life and songs of Burns. The price for the three recitals will be 50 cents. Seats on sale March 25, at Y. M. C. A. office. Mr. Ball is always popular with Newark audiences. He has a magnificent voice that has been thoroughly trained. The coming series of recitals will doubtless attract a large number of people.

THE TEMPLE QUARTET.

The Temple Quartet of Boston, and Miss Katherine Cole, reader, sustained their enviable reputation at Taylor Hall last night. The quartet have fine voices blending in beautiful harmony. They were most obliging, responding always cheerfully to two and three encores. Every member is a cultured musician. Too high praise can hardly be given Miss Cole, the reader. Her charming personality won for her the audience upon her first appearance and by her fine acting, and almost perfect dialectal interpretation not only did she succeed in holding them, but upon every appearance she was greeted with delight.

ST. PATRICK AS AN EDITOR

Outside of Ireland and among those who are not of Irish descent the common knowledge of St. Patrick's life and labors extends no further than that it was he who converted the Irish to Christianity and that some strange legends of his ministry are believed to the present day by the descendants of his converts. To speak of St. Patrick among these as a great editor would doubtless arouse incredulity.

Yet one of Patrick's most important works in Ireland and one which surrounded him with an undying glory even before his canonization was done in an editorial capacity. He and his associate bishops edited the Brehon code of laws, the great ornament of the pagan civilization, so as to make it conform in all its parts with the word of God. Perfectly fair and just, the code was still permeated with the superstitions of the old idolatry, and the harmony of society demanded their expurgation when the new order came.

A Roman subject, St. Patrick has been praised for his forbearance in refraining from injecting into the Irish code the essence of Roman law, but it is not certain that he was familiar with the latter. Torn from his native Gaul by a predatory Irish band when scarcely sixteen, he became thoroughly Irish in his years of slavery in Ireland. This was evident by the fact that Latin was to him a foreign tongue when he escaped to Gaul to prepare for the priesthood.

But what Patrick and his Episcopal assistants could do in editing the code was to give special privileges to the clergy. It was not to be altered again, and all was left in their hands. That the new priesthood required new privileges would be the easiest thing imaginable to demonstrate to the new converts.

What was done? In the Brehon law there was the dire fine or full honor price which might be imposed on each, according to his dignity, for the heavier offenses, among which, by the way, was lying. There was also the half honor price, which one might be fined for offenses of less viciousness. Refusal of food was one of these. For the second grade offenses no one lost his full honor price until convicted a third time. But for churchmen Patrick made an exception. They had to pay the full fine for the very first offense and besides be degraded in rank. A still stricter rule was imposed on bishops. Churchmen of lower grade, thus convicted, could recover their grade, but a bishop could not. He must resign his high office and become a hermit. Thus did Patrick provide that an erring priest should be punished more severely than the erring layman and the erring bishop more severely than any other.

A great man truly, a great law editor, was Patrick, son of Calpornius. Francois Dumon, a French waiter, has just left Newark, on his way home to France, having made \$40,000 in tips in five years. Of this he made \$8,000 last year at St. Louis. He speaks six languages. His father and grandfather were waiters all their lives, and he was brought up to the business. He is still a young man.

IN THE FIELD OF SPORT

NEWARK VS. COSHOCTON.

A game of basketball has been scheduled between the Coshocton and Newark high school teams in Aycione hall Saturday night, March 18. The game was postponed from Thursday night of last week on account of the illness of Captain Swihart of the local team. The faculty of the high school have given all members of the local team permission to play and the boys will be in first class shape for the Newark bunch.—Coshocton Democratic Standard.

EAST HIGH AND NEWARK.

The word battle between Newark high and East high is still on. Newark wants to get East high over to Granville. East high went to Newark and played on the Newark floor, and the boys think Newark ought to come to Columbus for the return game. If Columbus wins then East high is willing to go to some neutral floor to play the rubber.—Columbus Press Post.

OHIO "LITTLE SIX."

The smaller colleges of Ohio are talking of organizing a combine to rival the big six. The little fellows think the big six does not treat them with the proper consideration and an effort will be made to build up a little six organizations to take in the smaller schools. Buchtel, at Akron, Hiram and Wooster have been asked to join in the movement.

FOR THE TROTTERS.

Columbus, O., March 17.—The Trotter-Columbus Association Breweries will donate \$10,000 annually for a purse for trotters at grand circuit meets to be held in this city. The conditions will be similar to those governing the M. and M. With this annual stake local horsemen hope to make Columbus one of the largest grand circuit meetings.

NEWARK BOWLERS

Take Part in Two Men Team Contest at the Mint Bowling Alleys, Zanesville, This Evening.

Zanesville, March 17.—A big two men bowling contest, to last today and tonight, will be held at the Mint alleys under the supervision of T. C. Fowler. The contest has been opened to all bowlers throughout the state, and numbers from other cities have been entered. There will be bowlers present from Columbus, Newark, Mt. Vernon, Byesville, Pleasant City, and Coshocton.

Many proficient bowlers have announced their intention of entering the tournament, and it is thought that here will be more first class bowlers in the city today than at any previous time.

The No. 1 alley will be covered and seats provided to accommodate the spectators.

MOTION FILED IN WATER WORKS

CASE IS NOW SET FOR HEARING SATURDAY MORNING BY JUDGE SEWARD.

Court Overrules Motions for New Trials in Several Cases—Day's Pickups at Court House

In the Water Works case a motion will be filed by plaintiff to the answers and interrogatories, asking that the questions be answered more fully. This matter is set for hearing Saturday morning. The \$200,000 water works bonds are still in the hands of Dennison, Prior & Co., the original purchasers. Claim was made that the bonds had gone into the hands of innocent purchasers who had paid the money for them. This has proved to be untrue and the innocent purchaser argument to sustain the legality of the private sale of the bonds cannot be made.

In Common Pleas.

In Common Pleas court the following business was transacted Friday: Benj. B. Jones vs. Annie M. White, motion for new trial overruled. Stasel, Flory & Flory; Hunter & Hunter. James J. Baker vs. Fidelity Mutual Life Ins. Co., time in which to answer extended for 30 days. Davies; Kibler & Kibler.

Edward H. Everett Co. vs. German American Ins. Co., motion for new trial overruled.

Hunter & Hunter; Kibler & Kibler. Money of Columbus. The Henry C. Werner Co. vs. J. F. Lingafelter, motion for new trial overruled. Fulton & Fulton, Higgins; Swartz, Kibler & Kibler, Stasel.

State of Ohio vs. John A. Webb, tried and convicted of horse stealing; motion for new trial overruled. Fitzgibbon; Bolton.

Eleven cases were submitted to the court Friday afternoon, being error proceedings to reverse judgments of conviction for violation of the Beall law, in selling intoxicating liquors on Sunday. These prosecutions were brought and tried under the administration of ex-Mayor C. C. Forry. Various grounds are set forth in the petitions in error why the convictions should be set aside as claimed, among which are that the judgment of the Mayor was not sustained by sufficient evidence. One of the cases, being that of H. F. Pryor vs. the State, was abated by the death of the death of the plaintiff in error.

State of Ohio vs. Chas. Davis, in which a plea of guilty of assault and battery was entered. The defendant will be called upon Thursday next for sentence.

Mr. Loughman Adjudged Insane. Oren Loughman, who was adjudged insane by the Probate Court, was taken over to Columbus on Friday by Deputy Sheriff Hindle, and turned over to the authorities of the state hospital. Loughman sustained a sun stroke several years ago, which affected his brain, and this is his second attack.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg of Denver, Colorado, writes to the Newark Daily Advocate, under the name of Mrs. Pinkham, as follows:

The following letter was written by Mrs. Kellogg to Mrs. Pinkham, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass. Dear Mrs. Pinkham: "For five years I was troubled with a tumor, which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope. I could not bear to think of an operation, and my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, but when I began to feel better, after the second week, though it only meant temporary relief, but to my great surprise I found that I kept gaining, while the tumor lessened in size. The compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Health is too valuable to risk in experiments with unknown and untried medicines or methods of treatment. Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

OVERDOSE OF ETHER

Puts Wm. McKinsey, a Knox County Gas Man, Out of Business for a Short Time.

Wm. McKinsey, who claims to be employed by the Fuel-Supply Company at the pumping station at Bangs, near Mt. Vernon, was found by Captain Bell and several officers, lying in a semi-conscious condition at Front and Main streets Friday night shortly after 7 o'clock.

McKinsey was in poor condition to be interviewed, but made the officers understand that he was not drunk, but was suffering from the effects of ether administered by his dentist.

Dr. Smith was called and found the man's story to be correct. A further examination revealed the fact that McKinsey was suffering from severe bruises about the face and head. He was placed in the female ward at the city prison where he received medical attention until able to return to Knox county.

India has a staff of mounted army nurses. The Indian government allows these women of the Indian nursing service 30 rupees a month for the upkeep of their horses and free conveyance of their animals to and from active service. This corps of nurses are all women of good social position and have to undergo three years' training in a general hospital before qualifying.

It is proposed to erect a statue of Oliver P. Morton, War Governor of Indiana, in the State House yard in Indianapolis.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away call by call.

Bladder troubles must always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kimmel's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scaling pain in passing it, and overcomes that unpleasant feeling of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It cleans the blood of its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail, Address Dr. Kimmel & Co., Binghamton, N. Y. When writing mention this generous offer in this paper.

Don't make a mistake, but remember the name, Swamp-Root, Dr. Kimmel's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Japan's official control of the use of opium in Formosa is a success. Its import into that island fell from 7,000, 110 in 1902 to \$594,095 in 1903, a decrease of 175,000. The price is fixed by the government, and selling agents are only allowed a profit of 1.12 per cent. Since late in 1900 the number of opium smokers in Formosa has decreased by about 1,000 a month. Each opium smoker has to be registered. Public opinion as well as the law is against its use.

Money Flies

As If on Wings.

The inherent habit of spending is the cause of a lot of wasted money.

If you want to "get ahead"—if you want to save—the best way is to open a savings account then help it grow with frequent

deposits of as much as you can spare.

We will help it grow to the extent of four per cent interest, compounded semi-annually.

Persistent saving will lead to independence.

RAILWAY RUMBLES

VARIETY OF PARAGRAPHS AND DISPATCHES.

New Equipment—White Caps—Pullman Sleepers—Track Walker's Find—Personal Items.

The Pennsylvania lines have made contracts for new passenger equipment to be delivered during the coming year which will necessitate the expenditure of about \$600,000. There will be 78 passenger cars, including diners, day coaches and combination baggage and mail cars.

White Caps.

The new summer uniforms of the B. & O. trainmen will include a white cap, this change having just been decided upon. It has been many years since the B. & O. trainmen were required to wear a white cap in the summer, blue being the color for the entire year. Otherwise the uniforms will be practically the same as in former years and they are now being made in order to be ready for the men at the usual time.

In Pullman Sleepers.

To increase the sanitation of the Pullman sleepers porters have been ordered to use three sheets daily in each berth. The third sheet is put outside to cover the blanket and keep it from being soiled. The use of three sheets in each berth was recommended by the railway surgeons of the United States in their recent annual convention, and the company has determined to give the plan a thorough trial.

Railway Traffic Paralyzed.

Los Angeles, Cal., March 17.—Heavy rains have fallen throughout southern California, causing still further damage to the already sorely tried railroad systems and rendering the resumption of traffic impossible for many hours to come. The floods in the mountains caused a cessation of the work of repairing the roadbeds, and several additional washouts have been reported. Trains on the Santa Fe and the Southern Pacific are now three and four days overdue.

Trackwalker Dove's Find.

Utica, March 17.—Although the parties interested endeavored to keep the matter secret, it leaked out that a dastardly attempt was made to blow up the B. & O. railroad tracks at a point near Hunts, Saturday, by means of a large dynamite bomb.

While going over the track Trackwalker Dove espied the thing near the rails. Being a deputy marshal of Utica, his nerve never vibrated while he carefully picked the bomb up and carried it to Agent W. J. Smith of Hunts. Mr. Dove carried the weapon into a field and buried it beyond danger of being tampered with, and then he transmitted a report of the find to his officials.

On train 17 Monday morning B. & O. Detective Bennett went to Hunts, and with the assistance of Mr. Dove and Mr. Smith the buried bomb was resurrected. Upon the thing appearing in sight the detective was almost knocked senseless—for there, before him in all its hideous suggestiveness of murder and arson, an emblem of mutilation and death, lay—a cell of dry battery that a telephone man had thrown out after repairing a phone.

Engineers Laid Off.

With the passing of winter weather a decrease in the demand for engine crews has caused the local officials to lay off a few engineers and firemen. The retrenchment will not affect the older men and but few of the new men will be sufferers from this cause.

New Fixture for Yard Office.

A new card manifest rack has been received at the yard office here to replace the old rack which has been in service for many years.
